A five per cent. cash dividend was declared from the net earnings and a substantial balance added to the profits account.

WANTED—500 cords ash, poplar, 8 inches and up, 5 ft. 9 inches long; will pay \$7.50 per cord delivered. F. H. Lightfoot. tf

A six weeks growth was broken in this section by a good gentle rain Wednesday night. The rain fell most of the night and gave the earth a pretty fair soaking, the first since June 5. If followed by showers from now on much good will be done for corn and other crops, the much old corn has passed the stage of being benefitted, being now too hard for roasting ears. Many who were in frowns over the growth a few days ago are smiling after the good rain of Wednesday night.

WANTED—Bring all your scrap Iron junk and chickens to the Ice House and get the best price. F. H. Lightfoot, tf

At Wednesday evening's prayer meeting service at the Presbyterian church Rev. C. A. Harper announced to his congregation that he had definitely declined the call to the pastorate of the Buntyn church, which he was known to have under consideration, and would remain in his present field of labor. This decision is a matter of much gratification to the membership of the church, and The Falcon will carry no more gratifying item of news to its Somerville readers than this. Mr. Harper's work as pastor and his influence as a citizen has been such that his removal would have been a distinct loss not only to his congregation but to the community at large.

Sections north of Somerville had a good rain Wednesday morning, according to reports The Falcon has had from that section. In Somerville there was only a shower, tho it was cloudy all morning and sprinkling from time to time. Six weeks ago Tuesday night this vicinity was visited by the last season the earth has had and as a result, the old corn is almost worthless, where it was, up to that date, the most promising that it had been seen in years. Cotton is holding on pretty well, tho farmers tell us that it is fruiting right to tip top, indicating that it is not growing. The crop outlook has made as complete change in the past month as has been seen here in any crop in a score of years, and at the present time is anything but encourage.

No man in America can speak for his own experiences with more positive knowledge of conditions in Germany than Mr. Gerard who was the American Ambassador at Berlin during the first years of the present war and almost until the moment America entered against the Kaiser. He has written a powerful pen picture of "My Four Years in Germany" and the pen picture has been reproduced in films and the "American Movie Show" in this city has booked this film for its show next Wednesday night, July 24. With the intense interest and the patriotism of the people of this section this show will have, no doubt, the best patronage of any shown this year, and it deserves it. Mr. Gerard speaks with perfect knowledge on the points pictured.

A petition sent here from the Chamber of Commerce of Jackson this week, asking the Railroad Administration to establish a train out of Memphis over N. C. & St. L., leaving there about eight or nine p. m. and one of Nashville about the same time, was signed by many of the business men here and was sent on with others from other towns. A similar effort was made a few years ago and was about to succeed when Milton Smith, the venerable president of the L. & N. put a stop to it. Memphis-Nashville business now leaves about the same time stated above, but goes over the L. & N. tracks to McKenzie and then to Nashville over the N. C. & St. L. If the Railroad administration grants the requests the new train to Nashville would pass Somerville before midnight, arrive at Nashville in the early morning, allow a day and returning leaving the city at night and pass here very early in the morning and arrive in Memphis for breakfast.

LOUISVILLE MACHINIST REGAINS STRENGTH BY TAKING VIN HEPATICA.

Was Very Weak and Nervous—Couldn't Sleep Well—Now All Right.

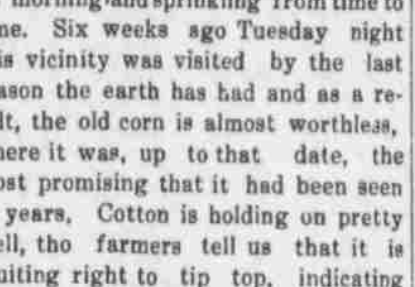

Mr. J. R. Trayler, machinist of 4 th and K Sts., Louisville, Ky, stepped in to the Taylor Isaacs Store, Third and Jefferson Streets and said:
"I want six more bottles of Vin Hepatica. I have used two bottles for my nervousness and weakness, back ache, loss of sleep, and loss of appetite, and have had such good results that I want six more bottles of it to make me sure that I will have it on hand. I felt 100 per cent better than I did, have regained my appetite, am able to sleep, and am feeling stronger and better in every way.
Like hundreds of others he saw in

the papers what it had been doing for the sick and suffering everywhere, and he came in and investigated it, saw it was a real nature remedy. And he tried it just like you ought to try it if you are feeling all rundown nervous, or have any pains in your back, are bothered with indigestion or other stomach, or kidney trouble. It is a mighty fine spring tonic too. It puts pep in your step, makes you feel like a new person. Come in and get a bottle on our recommendation.
